HOW WORKERS MAY SECURE EXTRA GAS ALLOWANCE

FORM "SHARE YOUR CAR" CLUBS IF YOU WANT EXTRA GASOLINE

Autoists who expect to apply for supplemental rations to enable them to drive to and from work should make plans now to share rides with others needing transportation to their jobs. George C. Roeding, chairman of the local War Price and Rationing Board, declared today.

"Car sharing has been made an integral part of the mileage rationing program because it is the most effective means of providing essential transportation on a minimum amount of rubber," said Mr. Roeding. "To get more than the basic 'A' ration, a car owner must form a car-sharing club to carry at least three other persons to and from work, or prove that he cannot do so. Also he must prove other means of available transportation are not adequate."

The Rationing Board chairman suggested that car owners get together with their neighbors on some car sharing plan, or with fellow employees at the plant or office. If two or more cars are to be used in the club, members may divide up the use of those cars to suit their convenience. Supplemental rations will then be issued each available vehicle for mileage to meet its obligations.

The club must be formed before the application for a supplemental ration is submitted to the Board. In fact, signatures of all members must appear on the application, and applicants must certify that they will carry through their part in the car club agreement.

Supplemental applications, Mr. Roeding emphasized, are not to be presented registrars at school houses on November 18, 19 and 20. These registrars will be authorized to issue only the basic ration books — "A" books for passenger car owners, and "D" books for motorcyclists.

However, vehicle operators who feel they will need more mileage than the basic books provided may ask the registrar for a supplemental application. This is to be filled out later and sent to the local War Price and Rationing Board at Niles. The basic books will provide mileage for 240 miles a month, at the rate of 15 miles to the gallon of gas. If the person to whom the ration is issued intends to use his car for driving to work, or in connection with his work, he will be expected to consider 150 miles a month or six miles per day his ration available for such driving. The remaining 90 miles a month may be reserved for such essential family travel as driving children to school, or sick persons to the doctor, etc.

"All applicants for a supplemental ration will use the same form," Mr. Roeding pointed out. "The Board will decide whether the ration granted should be in the form of a 'B' or 'C' book. The 'B' book, in addition to the 'A' book provides for a maximum of 470 miles of occupational driving a month. Mileage for more than 470 miles a month requires a 'C' book. But only drivers performing services regarded as essential to the war effort or the public welfare will be eligible for 'C' rations."

Those drivers entitled to preferred mileage through "C" rations must meet the car sharing requirements, the same as other applicants for supplemental rations, Mr. Roeding said.

PARTIAL RETURNS ON MIDNIGHT SHOW REALIZE \$144. 10

SALESMEN HOLDING CASH OR UNSOLD TICKETS ARE URGED TO TURN THEM IN

The Midnight Benefit Show put on by the American Legion and Auxiliary at the Niles Theatre Saturday midnight was sufficient of a success to make the undertaking worthwhile. The proceeds of the show will go to the rehabilitation of wounded veterans of this war and to aid half-orphaned children.

Before the show began the National and Post Colors were advanced to the stage by members of the men's and women's veterans organizations and brief remarks were made by Walter Waynflete, chairman of the project, who thanked the public for their support and explained how the proceeds were to be used. Thanks were also expressed to W. J. Helm, manager, for the free use of his theatre.

An appreciative audience which half-filled the theatre enjoyed a lively comedy "Lucky Legs" and several short subjects provided by the Fox West Coast Theatres. Several hundred persons who bought tickets did not attend because of the tire situation and the late hour.

Commander A. M. Hallstrom and Mrs. Rose Vieux took charge of the box office and E. D. Bristow was ticket taker.

With cash for 262 tickets sold at 55c each, a total of \$144.10 has been received by the chairman, together, with 88 unsold tickets returned, for a total of exactly 350 of the 700 tickets accounted for.

The balance of 350 tickets to be accounted for are being returned by Auxiliary women to Mrs. Rose Vieux; or are in the hands of Legion men and members of the Child Welfare Club.

Any Legion man or Auxiliary woman who has tickets in his or her possession, whether sold or unsold is asked to return cash and unsold tickets as soon as possible to Mrs. Rose Vieux or Walter Waynflete at Niles, so the federal amusement tax can be paid.

Members of the Township Child Welfare club, who were given tickets to sell are asked to bring them to the meeting next Monday afternoon, and give their cash and unsold tickets to the president, Mrs. L. E. Bailey.

Thanks are also extended to Mrs. Marston Dassel who undersold to sell 100 tickets, and to the Tangle and Twist Club of Mission San Jose which bought a block of tickets.

CURRENT AFFAIRS CLASS TO VIEW NAVAL FILM

The topic for next Monday's Current Affairs Class at Washington Union Evening School is "Our Navy in War". Feature of the evening will be a fifty minute sound film depicting the action of our Navy in the Pacific from the beginnings of Japanese aggression through the Battle of the Coral Sea. This film will be shown by Lieutenant John J. Mersereau of the Office of Public Relations of the Twelfth Naval District.

Lieutenant Mersereau and another representative of the Navy will speak to the class on the activities of our Navy in this war.

According to Jack Rees, Class Director, next week's program is a fine opportunity for every citizen of the Township to become acquainted with our Navy which is bearing the brunt of military action in the Pacific war theatre.

Everyone should plan to be at the High school on Monday evening November 16, at 8 p.m. to see and hear another fine program presented by the Current Affairs Class.

TWP. MEN'S CLUB HEARS CONDITIONS IN PHILIPPINES

ABLE SPEAKER ENTERTAINS AT DINNER MEETING

"Deceit is a national virtue among the Japanese, and their inherent weakness is near-sightedness, not only physically, but in their outlook on world affairs." So stated A. K. Spielberger, former business man in the Philippines, as speaker of the evening before the Washington Township Men's club meeting for the first time since the war started, on last Friday evening in the Guildrooms of the Niles Congregational Church.

He said that the Japs did not defeat the American and Filipino soldiers on Bataan; that Bataan conditions defeated them for, with the absence of quinine, malaria became rampant; with the absence of good drinking water dysentery afflicted a lot of the soldiers, and lastly great leeches sucked their blood from their bodies.

He said there were 3000 Japanese in the Philippines twenty years ago. When the speaker left the Islands in 1940 there were 35,000 Japs there, all of whom had sneaked in there in defiance of exclusion laws.

Mines Wrecked.

The speaker said he did not think the invaders were getting much returns from the developed mineral resources of the Islands as the departing whites had flooded their mines and wrecked their installations before leaving. The speaker answered many questions on the current situation in the Philippines put to him from the floor and proved himself an able, well informed and humorous speaker. In 1937, he said an insurrection was started by a pro-axis Filipino named Igno Ramus, but it was quelled.

Secretary Louis Musick presided in the absence of President Jack MacGregor who had departed for Santa Ana. Musick read the minutes of the last meeting and then called on Erle Hygelund as chairman of the nominating committee who recommended Jack Rees be elected president; Warren Graveslock vice-president to replace W. T. Lindsay who moved to Los Angeles in August; and that Secretary Musick and Treasurer John E. Dutra be retained in office.

Unanimous Ballot

An unanimous ballot was cast electing these officers. The chair appointed J. V. Gould chairman of a committee to purchase a gift for the departed president MacGregor, assisted by Ralph Emerson and Ed Enos.

Albert Andruss of Decoto favored with a number of accordion selections. Graveslock introduced the speaker of the evening. Walter Waynflete put in a plug for the approaching Legion's midnight benefit show Saturday night and Graveslock spoke for attendance at the Monday night current affairs classes at the high school.

There were 50 members present with 12 guests and the speaker of the evening. An excellent dinner was prepared by the Ladies Guild of the Church with Mrs. E. C. Dawson supervising.

The matter of holding a Christmas jinks this year was left to the discretion of the officers.

MRS. DOROTHY NEAL SUCCEEDS K. GREEN AS CHIEF OBSERVER

Mrs. Dorothy Neal, who moved to Niles a few months ago with her husband, Charles Neal, has taken over the job of Chief Observer at the Niles A.W.S. post held for the past three-quarters of a year by Kenneth Green.

Mrs. Neal is taking enthusiastic interest in the work and in about three months has rolled up her first 100 hours of observation. Any one feeling moved to help with the observation work at Niles is asked to contact Mrs. Neal in the home in Niles formerly occupied by the C. N. Myricks. Neal is not only living in the former Myrick house but has assumed work on the Southern Pacific formerly performed by Mr. Myrick prior to his retirement.

Greens work at the Pacific States Steel company occupies so much of his time he felt it necessary to resign from the Chief Observers job, according to Township Chairman Jack Vieux of Niles.

IDENTIFICATION TAGS MAY BE HAD AT HIGH SCHOOL NEXT THURSDAY

For the convenience of those wishing to obtain tags it has been decided to distribute the same at Washington Union High School, next Thursday, November 19, from 10 a.m. to 4 p.m. according to F. T. Dusterberry, Chairman Washington Township Red Cross.

GAS RATIONING SIGNUP ADVANCED TO NEXT WEEK

The registration of Class A gas ration card individuals, announced for Thursday, Friday and Saturday of this week at district elementary schoolhouses has been advanced to Wednesday, Thursday and Friday, November 18, 19, 20 of next week, Principal E. D. Bristow of Niles advises this newspaper.

He advises individual car owners throughout the Township to pick up their application blanks at garages and service stations now and fill them out completely at home, particularly the five tire serial numbers. He says incomplete applications cannot be accepted at the schools and no help will be given there in making out the applications.

Any member of the family may bring the application to their nearest school, and receive their Class A card, providing the registered owner of the vehicle has signed his or her name on the application. The white slip of the car must also accompany the application.

Persons who believe they are entitled to more than the basic ration may pick up Class B, (470 miles per month of driving) or Class C, (unlimited) blanks at the schools. Take them home, fill them out, and MAIL, (do not bring them in person) to the Township Rationing Board in Niles. The over-worked board will have no time for personal interviews and cannot hear any pleas beyond those placed in writing on the B and C applications.

Motorcycle owners can pick up their Class D card at schools the same as Class A card holders.

The three days have not been allotted into alphabetical groups, as was the sugar sign-up. Any person may apply on any one of the three days at the school houses.

The commercial sign-up will be held all of next week at the Ration Board in Niles, where an extra room and a corps of workers has been provided. This sign-up has not been advanced, according to George C. Roeding Jr., chairman of the board. Commercial users whether operating more than three cars or trucks in their business, or not, must first have secured their certificate of necessity from the East before they come to the Ration Board.

GO SLOW AND LIVE

If anyone doubts that high speed is the primary factor contributing to America's formerly terrible traffic toll of 40,000 persons killed per year on national highways, let them regard some recent good news from Los Angeles:

That great city, with its nearly two million registered automobiles (in Los Angeles City and County) went for six full days last week without a single traffic fatality!

If you know what the traffic problem heretofore has been in that city you will realize what a record this is.

Authorities attribute the wonderful showing to the new 35 mile per hour maximum speed limit.

All of which is just another beneficial repercussion of the war. Shouldn't wonder if the 1943 death toll dropped from the 40,000 of 1940 to 5,000 or less next year.

DECOTO GROUP ENJOYS VISITING MISSION ESTATES

DECOTO — The Decoto Discussion Group had an exceptionally interesting session at the summer home of the Misses Hyde, Mission San Jose on November 6.

After a dessert course served in the music room the leader, Mrs. Leontine Costa took charge of the program for the day. The biography, "This Life I've Loved" by Isobel Field was introduced by a very interesting sketch of Mrs. Field as she is today prepared by Miss Olive Hyde and read by Mrs. Costa. Then the highlights of the book were brought out in a lively general discussion along the lines indicated by Mrs. Costa in her preparatory work. In conclusion Miss Hyde read portions of letters received by friends from Mrs. Field recently and showed pictures of her home and also a painting by Mrs. Field of herself.

Mrs. Ina Guerder was welcomed

into the membership of the Group at this time. Mrs. Helen Brown was given a baby book as an expression of good wishes for the future.

After the conclusion of the program the Group enjoyed seeing the beautiful grounds and cottage of the Hyde home and then had the privilege of being conducted through the lovely home of Mrs. Beronio with its exquisite collection of European art.

The Group wish to express their sincere appreciation of the gracious hospitality of Misses Olive and Florence Hyde and of Mrs. Beronio who gave the opportunity of enjoying this delightful experience.

The next meeting will be held Thursday, December 3. The subject is Children's Reading and will be a study of "Reading with Children" by Anne Eaton and the reading of ten or twelve children's books of outstanding merit. This is the first meeting on this subject and will be in charge of Mrs. Mary Swensen

and Miss Little, in charge of juvenile books for the Alameda County Library. Miss Little will conclude the program by telling a story.

First nomination of officers for the Niles Rebekahs occurred at a meeting Friday night, November 6, with Mrs. Ivy Cull, Mrs. Parry and Mrs. Mary Barnard in charge of the social hour.

The booths were attractively decorated by members of St. Anne's Confraternity in Halloween colors and real pumpkins. The Confraternity also had charge of the coffee and cake booth.

Among the leading members of the committee were, Mr. and Mrs. Frank Roderick, Mr. and Mrs. Manuel E. Perry, Mr. and Mrs. Joseph Edwin Dutra, Mrs. Clara Flores, Mr. and Mrs. Henry Flores, Mrs. Mary Rivers, Mrs. Ethel Borges, Mr. and Mrs. Clarence Flores,

**Now's the time to serve heartier meals**

Old Jack Frost has hit the high spots and with the turn of temperature, family appetites favor piping hot substantial food. There is a craving for thick soups, steaming stews and quantities of buttered vegetables.

Oven foods, too, are high in favor. For convenience, and the economy of using inexpensive cuts of meat, let your oven do four-way duty as in the dinner below. A moderate oven (375° F.) is just right for meat, potatoes, and squash. During the last 15 minutes raise the temperature to 450° F. for the biscuits and dinner is on.

NILES MENS CLUB HEARS TALK ON ORCHID RAISING

DECEMBER 14 DINNER
TO BE LADIES NIGHT
AND CHRISTMAS JINKS

Ten members and two guests of the Men's Fellowship club gathered around the festal board in the Guildroom at the Niles Congregational Church on Monday night, November 9 to enjoy a fine dinner prepared by Mrs. John Galvin and Mrs. R. J. Wright of the Sanford Circle.

President Ted Glassbrook called the meeting to order, Secretary Walter Waynflete streamlined the reading of the minutes and Dr. Tom Wilson, as program chairman introduced himself as speaker of the evening (applause, applause!) and gave an interesting and instructive talk on commercial orchid raising, regarding which he seemed to know a lot more than you would expect. His father, it seems has a lot of hot houses and thousands of these delicate plants, which somehow had filled the son with a lot of Latin names, — and expensive ideas.

He concluded his entertaining talk by showing a large number of uncommonly beautiful colored slides of the different types of orchid blossoms in full bloom. He accompanied the slides with a running fire of comment which successfully burned up the time.

The most interesting bit of information was that an expensive orchid flower can be made to keep for a week or more if you keep it in a cool place, about 55 degrees. (Not in the refrigerator, which ruins its delicate petals), change its water daily, and clip off about one-quarter inch of the stem each day. Thus milady can wear her orchid this Saturday night (if she has an orchid) and again next Saturday night, (if she has a date. And an escort.)

Carleton Brown led some com-

munity singing with Dwight Thornburg beating time on the piano.

The next meeting, set for Monday night, December 14 will be a ladies night and Christmas Jinks. Dwight Thornburg was named program chairman, assisted by Tom Wilson and somebody else (can't read my own writing) and the club voted him \$10 with which to buy caps, noise makers, Christmas decorations etc.

It is hoped that 20 members will attend with their ladies or guests, making 40 or more persons who will enjoy chasing the "war blues" away.

Respectfully submitted,

SCRAP METAL DRIVE EARNS CHURCH \$67.34

F. E. CLARK GIVES
LARGE LOAD OF OLD
FARM MACHINERY

A successful Victory Scrap Metal drive was held Saturday and Sunday afternoons in the Niles district by the men of the Niles Congregational Church. Thanks are extended to George Bonde, manager of the P. C. Hansen Lumber company and Contractor E. E. Dias for the use of a truck each, and to "Bill" Dutra who gave his time Saturday afternoon and Sunday morning to drive the lumber company truck.

Four loads were picked up from around the district, one load alone having been dug out of Alameda Creek banks by Trustee Thomas Gough, who had spent some time uncovering and rolling up old rusty cable abandoned in years gone by by the Pacific Coast Aggregates company. This load alone weighed 2700 pounds.

Some 3300 pounds of abandoned farm machinery was generously donated by F. E. Clark in Niles Canyon, for which the men of the Church are grateful. Others contributing were the Niles Rest Home, Mrs. F. V. Jones, O. W. Ebright, J. C. Shinn Sr. and Jr. Miles Smith, Mrs. Mitte, the Kimber Poultry Farm who hauled half a truck load to the rear of The Township Register lot, Mel Duffie, Thomas Gough, and a few others who had left scrap at their curbs.

Working on the drive were Trustees Fred Duffie, Paul Offel, Thomas Gough, A. B. Leask and Walter Waynflete assisted by Paul Woodward and three boys, David Leask, Fred Duffie and Hugh Waynflete.

One load was weighed in at the steel mill Saturday afternoon, one Sunday morning and two Sunday afternoon. On the way to the steel mill late Sunday afternoon the last load automatically dumped itself on the highway outside Mrs. Gladys Williamson's home, occasioning a lot of extra work for the driver, Fred Duffie, and his assistant, Bain Leask.

The weight slips for the four loads totaled 10,400 pounds, or 5.2 tons, which brought \$67.34 cash into the Church treasury. This sum will be used to help retire the building debt, on which payments must be made quarterly.

NAVY SEEKS 1875 EAST BAY MEN DURING NOVEMBER

Chief Quartermaster W. S. Smith in charge of the Oakland Navy Recruiting Station, appealed today for help of all citizens in filling this district's enlistment quota. Smith said the East Bay area has been assigned a quota of 1875 men for the month as its share in the Northern California district's requirement for 7,000 recruits.

"I was notified today by Lieutenant Kimbrough, Officer-in-Charge of the San Francisco and Northern California recruiting district, that practically all ratings are now wide open to new recruits, that men are being rated more liberally than at any other time in the Navy's history.

"The Navy trade schools also are being enlarged, and more than 50,000 of the younger, less experienced men are being chosen each month for entrance to these schools.

Chief Quartermaster Smith said the Oakland Navy Recruiting Station in Room 222 of the Post Office Building will be open from 8 a.m. until 10 p.m. each week day and from 8 a.m. until 1 p.m. on Sundays during November.

HOUSEWIVES ASKED TO INCREASE NUT CONSUMPTION

SAN FRANCISCO — Northern California housewives were today asked by K. C. May area supervisor for the Distribution of the Agricultural Marketing Administration, to do their part in wartime food conservation by increasing consumption of walnuts, almonds, filberts, pecans and other domestic tree nuts.

May announced that domestic tree nuts as designated by AMA Administrator Roy F. Hendrickson, are the current Victory Food Special between now and November 21.

A near record supply of the four principal varieties, equal to 300 million pounds of unshelled nuts, will be available on the domestic market this season, due to the loss of export markets which have taken an annual average supply of 13 million pounds during pre-war years.

It's common sense to be thrifty. If you save you are thrifty. War Bonds help you to save and help to save America. Buy your ten per cent every pay day.

GRADUATES EMPLOYED

ALVARADO — Of the recent graduates from Washington Union High School with the class of '42 Grace Maciel is employed at the Bank of America in Centerville, Celestine Rose is attending the Merritt School of business in Oakland and Beatrice Fields is employed by Roger Wilson, Optometrist in Hayward.

DAIRY MEN TO CONVENE IN OAKLAND

"The dairy industry and the war effort" will be the theme of the annual Western Regional Dairy Conference scheduled for Oakland November 18, 19, and 20, the Oakland Chamber of Commerce announces.

Current problems confronting dairymen will be discussed by outstanding authorities, according to Robert E. Jones, who notified the Chamber today that acceptances had been received from several nationally known speakers. Among the program headliners will be Dr. Tom G. Stitts, chief Dairy and Poultry Branch, Agricultural Marketing Administration, Washington D. C. Dr. Stitts will outline the responsibilities of the dairy industry in connection with the nation's lend-lease program.

NILES CHURCH WHIST PARTIES REALIZE \$150

Mrs. A. J. Cadoreo of Alvarado, with a total score of 354 ran off with the \$25 War Bond, closely followed by Leon Solon of Niles, with a score of 351, put up by the committee of the Niles Congregational Church.

The closing party of the three weeks of whist was held Tuesday night in the Guildrooms with 60 persons present. Neal Hunter of Niles won Men's high score for the evening and Mrs. Iva Marble of Niles tied with Mrs. C. N. Myrick of Centerville for second place. Some 24 prizes were awarded.

A dressed chicken, donated by Mrs. Roy Butterfield yielded \$8.20, a box of groceries put up by the committee realized \$5.60 and a pretty pottery centerpiece donated by the International Kitchen brought in \$3.35.

The series of parties netted nearly \$150 to be applied on retirement of the church building debt. The committee, with A. B. Leask as

chairman is a very appreciative of the fine patronage given the parties, both by merchants donating prizes, and by the card-playing public.

FIRST COOKIE BRIGADE BAKE DAY BRINGS 47 DOZEN

The first Cookie Brigade bake day at Niles brought 47 dozen cookies, baked by Niles housewives into the New City Market last Friday, 18 dozen of which were sent to the Haward U.S.O. hut and the balance to Oakland, according to Mrs. W. A. Baldwin, chairman at Niles.

The next bake day will be Thursday, December 3 at which time any Niles woman is asked to bring three dozen cookies into Duarte's new store any time that day. They should be placed in shallow boxes and bear the name and address of the donor.

Suitable slips and information may be obtained by calling Mrs. Baldwin at Niles 3482, from whom recipes for making sugar-less cookies may be obtained by housewives who may not have much sugar.

Any lady who wishes may contribute to this project, which requires but a little time one day each month. There are 2,000 women baking cookies in Oakland alone, Mrs. Baldwin says.
